SIGNATURE COLLECTION

2023

INTRODUCTION

Our Spring/Summer 2023 Collection is designed to make spaces more calming by echoing the patterns of the natural world. Vases are evocative of the organic curves of lagoons, planters have been designed to cultivate new green life, and self-watering planters mirror the stepped levels seen in terraced agricultural landscapes. Mouth-blown designs are created using skilled craftsmanship, introducing nature into our interior spaces.

OUR PILLARS

HERITAGE

Janusz Lubkowski co-founded LSA International in 1960s London. In an environment synonymous with cultural and social change, his belief in a diversity of ideas and a passion for contemporary design ensured the company thrived. Through shared experience and inherited values, Monika Lubkowska-Jonas continues to develop her father's vision and a culture of understanding that defines our company's past, present and future.

DESIGN

We design for people with the simple aim of understanding the purpose and environment of a product. Thoughtful, considered design. A conscious approach to create pieces with intrinsic value, to be used and enjoyed year after year.

2014, 2017, 2018, 2019 – iF Design award

2016 – DesignPlus award

2016, 2017, 2018, 2021 – Good Design award

2020 – Green Good Design award

CRAFT

Through the skilled use of hand tools and an understanding of high quality raw materials, our European craftsmen use traditional techniques to transform mouth-blown glass into products of intrinsic value. After basic forms are blown, each piece is finished accordingly using a range of detailed processes. Our experience with the material enables us to experiment and push the boundaries of hand production, using the craftsmanship and skill of European producers.

ENVIRONMENT

Our intention is to create useful, versatile and relevant products which endure in quality and style. By designing lasting, considered products we encourage people to make sustainable choices: buying less and owning for longer. A responsible approach to design which aims to create something of value to improve our surroundings.

MOYA

Our mouth-blown MOYA collections share the same hallmark LSA silhouette and characteristic quality.

For over 20 years, MOYA has been one of our most popular and timeless designs. Each piece is mouth-blown from a single gather of glass to create a contemporary form with a thick, flared stem. Inspired by the colour of rosé champagne, MOYA BLUSH has a delicate tint achieved by encasing blush pink glass within a layer of clear before blowing and shaping by hand.

MOYA

Each piece in the MOYA collection is mouth-blown from a single gather of glass to create a contemporary form characterised by a thick, tapering stem. The superior quality and modern silhouette have made MOYA an enduringly popular design for over 20 years.

SAVOY

SAVOY's elegant collection of mouth-blown champagne glasses are joined by a new set of wine, liqueur and Nick & Nora glasses. Skilled glassblowers mouth blow the fine bowls, draw the stems to create a distinctive internal V-shape to elongate the bowl, and apply the feet by hand, using the utmost precision and skill. The deep, V-shape in the hand-drawn stem of SAVOY champagne glasses creates a 'sparkle point' to enhance bubbles as they travel up the bowl.
