Hang on...

Some towels have loops that break easily. Others are born entirely without. But all towels deserve to hang securely on the wall when in use. And now they can, with the LOOP magnet – a simple silicone strap with a powerful magnet at each end. Simply loop the LOOP magnet round one corner of the towel, and it's ready to take up its position on any hook you want. Hang on, there's more: The LOOP magnet is easy to remove when it's time to wash the towel. You can choose from an amazing array of nine bold colours, and the magnets come in boxes of two.
