Take a deep breath - then step in

You probably know the feeling: that lowering your shoulders elevates your mood

Bathrooms are growing in size. But they are also taking on a new role. The bathroom is becoming more and more important in our modern lives. It's become our private space.

A place where we can pamper ourselves with a relaxing bath, pleasant music, and peace and quiet from the hustle and bustle of normal life.

There's a growing appreciation of the importance of unplugging from time to time. We've discovered that lowering our shoulders elevates our mood. Quite simply, it's healthy to put your own needs first, and it's as if the bathroom was created with just that in mind. That's why consumers are now looking for products that can help make this experience even more beautiful. Even more sensuous.

Zone has taken up the challenge. As always, we've gone to great lengths. The ingredients are clean lines, good materials, exclusive and natural fragrance notes as well as huge respect for the bathroom as a living space anno 2024.

Take a deep breath, then step in...

TIME: Contemporary classic

Concrete charisma

The TIME bathroom range definitely invites a second glance. Zone Denmark has brought a whole new material into play. Three of the four products in the range – the soap dispenser, toothbrush tumbler and toilet brush – are made of concrete with just a few plastic details added. The pedal bin, on the other hand, is pure ABS plastic, but colour-matches the concrete products, giving the range a consistently powerful look and feel.

With uncompromisingly 'concrete' charisma and naturalness, concrete has found its way into interior design in recent years. It is at the same time hard, soft and very beautiful. Being fired at lower temperatures is another advantage of concrete, saving on energy consumption during production. Finally, it is worth noting that, on reaching the end of their current life, these products can be crushed and reused.

The range is exciting and stylish. It's dignified and carefully considered. For example, all the designs feature a silicone base to protect surfaces from being scratched. TIME is a promising take on a contemporary classic bathroom range and, by the way, is by the Mavro//Lefèvre design team. Choose from three colours: Concrete and two coloured variants, Black and Soft Grey.

BATH

● new

Take a look at this!

This tempered glass table mirror with a concrete base sports simple, organic styling. It won't steal the limelight but will blend naturally into the décor in your bathroom, bedroom or on a shelf in the hallway. Concrete is a popular material as it blends well with natural materials such as wood, ceramics and stone. Another benefit of concrete is the energy saving in production, as it requires lower temperatures than ceramics. The Mavro//Lefèvre design duo are behind this stylish addition to the TIME universe.

NOVA ONE:
**A genuine
classic**

Silky soft success

NOVA ONE is love at first touch. The surface is silky soft, and the style is delightfully simple. Consistent throughout the range, the pure tone-on-tone nuances create a coherent look in the bathroom without stealing the show. Perhaps the delicate sense of colour and honest organic styling are the secret of NOVA ONE's success. The range has won awards for its design and remains one of Zone Denmark's all-time best sellers.

BATH

UME: It's not magic. Just great design.

Japanese purity meets Scandinavian audacity, and beautiful design emerges. Quite simply, it's UME.

UME is Japanese for plum tree. It symbolises patience and strength, and elegance, too. And you clearly sense that when looking at the range. The U-shape contributes aesthetic calmness and stability. There's a light-and-airy Nordic feel, too. The products are virtually floating, as if by magic. But it's not magic. It's just great design.

The VE2 design team is behind UME. Their work has been recognised with a number of design awards over the years. We suspect there are more to come.

BATH

● new

Newcomer colours!

Two of today's trendiest colours have found their way into the UME bathroom range: tantalising Terracotta and intriguing Indigo. These two newcomers will blend naturally into colourful homes, and introduce that little pop of colour the eye misses in more subdued surroundings.

Dare to go
BOLD

Beauty in the mirror

A must-have table mirror that will look great wherever you place it. One side is a normal mirror, while the other side has 5x magnification. The mirror rotates securely about its own axis, carried on a wide aluminium frame that also serves as a stable base for the mirror. It is powder-coated for a pleasant matte appearance. The mirror is a beautiful addition to the popular UME range.

Clean and cool

An ingenious powder-coated metal holder for a clean and tidy look in your bathroom. Watch the shampoo bottles disappear from the floor in the shower, and free up space on bathroom units. The wall-mounted holder matches the toothbrush mug and soap dispensers in Zone Denmark's UME bathroom series.

The UME soap dispenser is also available in a larger version for e.g. body shampoo or lotion. It now has a silicone bottom, ensuring that it sits securely in the holder or on the bathroom unit.

Taking bathroom interiors to new levels

Zone Denmark is launching RIM – the design brand's most comprehensive range of attractive and functional bathroom ware to date.

The exclusive and ultrasimple style has been created in collaboration with Danish designers VE2. The furnishings combine the beautiful design you want with the peace and harmony you need from your bathroom.

RIM offers you everything you need to kit out the bathroom, from mirrors and shelves to wipers and soap dispensers. All that is left to add are soft towels which you will also find at Zone Denmark.

The whole range is available in black and white and made from powder-coated aluminium, meaning they are easy to clean and built to last. Several of the products can be wall-mounted for ease of use, hygiene and clean aesthetics.

RIM:
Exclusive
and ultrasimple

Stylish shower cabinet

RIM gets your shower sorted in style. You can place shampoo, soaps and bath brushes on these two delightful "floating" shelves with concealed fittings.

The deep shelf can be filled with your favourite shampoo and shower gel – the bottom of the shelf can be removed for easy cleaning. Match with the wiper from the same range, available in two widths (22 and 30 cm) and designed in a calm and inviting look.

**Practical never looked
this good!**

The RIM towel rails blend naturally into the décor. Simple and elegant. They are made of powder-coated aluminium and are available in two lengths: 44 cm and 70 cm. Choose the narrow single-rail or the slightly deeper double-rail model. You could even place the towel rails at staggered heights on the wall. That will liven up the room, while accommodating different user heights.

Complement with matching hooks on the wall where needed.

BATH

Wall-mounted wonders

RIM offers soap dispensers, toothbrush mugs, bathroom bins, toilet roll holders, toilet brushes and toilet roll storage in a beautiful unified design, all of which can be wall-mounted.

This creates a clean, floating look, elegantly achieved by the concealed fixtures. The products are made of powder-coated aluminium and available in black and white.

RIM's minimalist soap dispensers, toothbrush mugs, soap dishes, toilet brush holders and pedal bins are of course also available in the classic freestanding versions – all in an elegant, simple design to delight you and your guests.

Classy CLASSIC

Zone's popular CLASSIC towel series retains its form, high absorbency, colour saturation and fullness wash after wash. The series caters for literally every need with sizes 30 x 30 cm, 70 x 50 cm, 100 x 50 cm, and the all-embracing bath towel measuring 140 x 70 cm, in 13 colours that match UME and NOVA bathroom series, and TILES bath mats.

CLASSIC towels are OEKO-TEX® certified.

Can be washed at 60°C.

Available in 3 sizes with matching facecloth.

LOOP TOWEL STRAP | VE2

Hang on...

Some towels have loops that break easily. Others are born entirely without. But all towels deserve to hang securely on the wall when in use. And now they can, with the LOOP magnet – a simple silicone strap with a powerful magnet at each end. Simply loop the LOOP magnet round one corner of the towel, and it's ready to take up its position on any hook you want. Hang on, there's more: The LOOP magnet is easy to remove when it's time to wash the towel. You can choose from an amazing array of nine bold colours, and the magnets come in boxes of two.

Put yourself in a flattering light!

A good make-up mirror works wonders when you need to apply your make-up, shave, or put in your contact lenses.

The beautiful table mirror can show your face both at 5 x magnification and in three shades of light - cool white, natural and warm white. The mirror can be adjusted to just the right position and switches off automatically after 10 minutes.

Available in Black and White to suit your bathroom decor.

An invitation to self-indulgence

The INU brushes in Zone Denmark's spa range have been created for those little moments of pleasure and presence in our busy routines.

The range includes two bath brushes, a brush for footcare and, of course, a nail brush. They are made of light beech wood and natural hair, and their soft, organic design harmonises beautifully with the simple decor and soft shades of the bathroom. Like the mirror, the wood is treated with protective beeswax for a beautiful patina.

Natural beauties

The simple organic design and decorative light beech finish of the INU mirror in Zone Denmark's spa range exude contemporary luxury and is reimagining of the classic hand mirror.

The glass is mounted in a frame, which adds a decorative touch even when the mirror is lying face down, while also protecting the glass from scratches. The fine, light wood is treated with beeswax, so even if the mirror acquires a patina, it retains its quality and only becomes more beautiful with time.

BATH

VIP beach trip

Thick. Silky soft. Cotton. How inviting is that? Bet you can't wait to enfold yourself in it! The INU towel is the essence of calm, well-being and full-on pampering. The format is large, big enough to spread out for sunbathing on – all 100 x 180 centimetres of it, to be precise.

Available in four beautiful natural colours.

Soft as only INU can be

Our INU spa range includes a collection of ultra-soft towels in a sophisticated dual design with discreet squares on one side and stripes on the other. The quality is 100% zero twist organic cotton yarn that feels wonderful against the skin and has high absorbency.

The INU towels are available in muted natural colours: White, Soft Grey, Taupe and Sand. We recommend washing at 60 °C and tumble-drying to maintain their luxurious softness.

BATH

Softness underfoot

Step out of the bath or shower and wriggle your toes in this. The INU bath mat is delightfully lush, highly absorbent and has a convenient loop so you can hang it up to dry. Available in four natural colours to match the INU towels.

● new

Once upon a time there was a basket that dreamed of becoming a tray

A true design fairy tale often begins with a recurring dream: if only you could reconcile the aesthetic ease of a basket with the practicality of a tray...

Neu Studio has helped Zone make the dream come true, and the result will live happily ever after! The INU basket tray is more than a beautiful basket. It allows you to create mobile, light-and-airy still lifes for your kitchen worktop. You can use it for your early morning tea in bed, or coffee on the patio – brilliant! The possibilities are endless, and the high sides make it super-stable.

Choose from the three delightful colours: Black, Soft Grey and Taupe.

BATH

So handy for everyday essentials!

The new INU tabletop wire baskets are akin to the popular large floor baskets in the same range. They may look smaller, but their possibilities have grown! These handy tabletop baskets can be used for virtually any everyday essentials. From hair ornaments in the bathroom, to fruit and vegetables in the kitchen, or plants on the coffee table. They'll hold whatever you want to put in them.

PACKAGING

Crash-tested cool convenience

A ray of sunshine on the shelf. Fit for purpose

First, the hard facts: All Zone packaging has been crash-tested and protects its valuable contents against the rough and tumble of storage and shipping.

Now for the cool details: The boxes on the shelf, on the counter or in the display help to sell themselves. Try turning the boxes round and putting them together in pairs to see the entire product family, even if everything is boxed up. Convenient and space-saving.

ROCKS out of the box

Eye-catching designs deserve eye-catching packaging. The cheeky graphic style of the ROCKS boxes catches your eye. Create playful displays and customer-facing "whole motifs". It's easy. If you need to see the product itself without opening the box, simply turn it. Photo now on the back.

We'll put a smile on your face

The SINGLES series aims to be the smiling experience of the category. We initiate dialogue using small conversational texts, in short sentences, with personality, pace and digital appeal. Product features/advantages are worked cleverly into the texts – without overselling or getting lost in details.

The products will quite literally speak directly to the customer, when she opens the box and is invited into the SINGLES universe by a small statement card.

We care

Packaging with consideration

Zone Denmark gift boxes are made from FSC™ certified cardboard.

We use printed colours extracted from soya beans, a 100% natural raw material that contributes to optimal and environmentally friendly recycling of the cardboard.

For all future productions we avoid the use of inner plastic bags.

This packaging is made with FSC™-certified paper and toxic free ingredients

VE2

The collaboration between VE2 and Zone Denmark is based on shared enthusiasm and great chemistry. And of course on VE2's ability to design beautiful and functional products perfectly suited to the users.

Hugo Dines Schmidt and Morten Lauritzen have a knack for encouraging the whole team to come up with ideas, then getting to the core and finding the final solution together. That's why Zone Denmark has celebrated many of its greatest successes with VE2.

NEU STUDIO

The woman behind Neu Studio is industrial designer Tilde Nygaard. With her presence and critical professionalism, she creates simple and feminine designs together with Zone Denmark – including the award-winning spa range INU.

Tilde's inspiration for her colour combinations are nature's leaves and stones and the weather. She lingers on the details of her designs until the result has both aesthetic and functional value.

MAVRO//LEFÈVRE

With a master's degree in Innovation Design, designer Sofie Lefèvre has all the skills she needs. But her ideas take flight in an open and friendly dialogue with Zone Denmark, and the journey from idea to action is never long.

The result is simple but unconventional designs that often contain built-in visual or functional surprises based on the way we use products.

Details that give a great user experience and put a smile on your lips.

MENCKE & VAGNBY

Many of artist Karina Mencke and designer Marcus Vagnby's ideas are born in their own home. If an object isn't quite working, they seize the opportunity to create a new and better version.

In their work process, they have a special ability to combine form and function in new and creative ways.

One example is the "Bird" wine stopper, where they've coaxed an ingenious function out of the figurative design.

DESIGNSTUDIO HANS THYGE & CO

Hans Thyge has a theatrical background and a special flair for visual storytelling, which is evident in the many designs created in his studio. An individual design must work not only usefully but also aesthetically. Shape, colour, texture and tactility should combine into a user experience every time.

Hans Thyge & Co was established in 1990 and today consists of a handful of dedicated designers who collaborate closely. Their core values are decency and openness, and the results speak for themselves: relevant everyday designs that you'll enjoy having in your life.

THOMAS DUDZINSKI DESIGN

Thomas Dudzinski takes inspiration from everything he senses. He's always scanning his surroundings subconsciously, always getting a steady stream of ideas – and some of them take shape in collaboration with Zone Denmark.

The challenge is to pick out and develop the right ideas, which can turn into the stringent minimalist lines that characterise his designs. Designs that challenge materials, products and people's behaviour – in all their simplicity.
