

Keratiné Filler Lift is a lash lift treatment made in Italy. It is a revolutionary treatment which uses high quality products and guarantees an amazing result, proven after clinical tests.

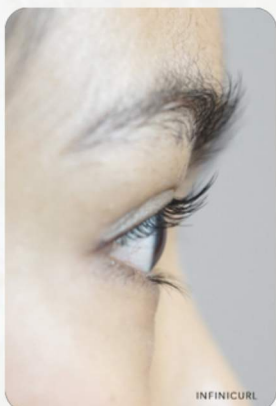

This treatment has the ability to reach the hair roots, feeding them and working also in the following months after the treatment on the structure of the hair bulb. This results in the lashes being made up to 24% thicker!

- ✓ New Innovative Treatment
- ✓ Leaves Lashes Nourished
- ✓ Gentle & Effective Formula
