

VISIONARIES BY NATURE

THANK YOU

FOR PURCHASING A REVOLUTION

**You're one step closer
to the perfect grind.**

BEFORE STARTING YOUR MACHINE

Read your product manual thoroughly, then scan this QR code to access the training portal.

Ensure your machine is placed on ground level in your facility. Having the unit on the second level or higher may cause issues with your flooring.

AFTER STARTING YOUR MACHINE

Make sure to properly prepare your material by ensuring the correct moisture is achieved.

Please note: Specialty subzero grinders require a 10-minute warm up and must be housed in the freezer.

To provide the best customer experience, please schedule a startup call with Client Services by calling (509)-204-3148
