

MAX LOAD : 2.5KG / 5.0LBS

DUAL-ACTION CARABINER

TOOL TETHER

CODE : H01091

This heavy-duty alloy Dual-Action Carabiner is designed specifically for tool tethering.

Lightweight and strong, a swivelling head allows absolute flexibility for tool use, whilst preventing knots and tangles in the tether.

A deep-set gripping pattern on the dual-action mechanism provides additional ease of operation and protects against slips.
