

RETAIL STARTER SET

TREATMENT PROTOCOL & PRODUCT KNOWLEDGE

Fur Oil®

RECOMMENDED FOR

Larger areas of the body, such as legs, arms, and pubic area.

IN-TREATMENT PROTOCOL

PRE-HAIR REMOVAL PROCEDURE

- 1 • Waxing — Prep skin for a wax by applying and rubbing in 1-2 light drops of Fur Oil. Remove hair with wax.
- 2 • Sugaring — Skip this step. Sugaring is most effective when applied on dry skin.

POST-HAIR REMOVAL PROCEDURE

- 3 • Use an ample of Fur Oil to remove any residue while soothing irritated skin.

CLIENT AFTERCARE PROTOCOL

- 1 • Apply a few drops of Fur Oil on any hair you want to soften and any skin you want to smooth and soothe.
- 2 • For best results, we recommend using Fur Oil as part of your everyday ritual.

PRO-TIP:

Fur Oil can do it all—try it as a cuticle softener, a cracked hands repairer, split end sealer, scalp conditioner, and a bath oil.

Using Fur at home daily not only helps keep the skin nice and soft, but also makes the hair much more manageable at the appointment helping prevent overall less breakage.

KEY INGREDIENTS

GRAPESEED OIL

A vitamin E, D, and C complex, it hydrates the skin and absorbs quickly without leaving a greasy residue.

JOJOBA OIL

A liquid wax derived from the jojoba plant, it mimics the body's natural moisturizing properties to soften hair and skin and absorbs quickly.

CLARY SAGE OIL

An antibacterial essential oil and astringent that soothes redness and post-shaving irritation, and regulates the production of excess sebum in the pores.

TEA TREE OIL

A powerful antimicrobial essential oil that eliminates excess sebum in the pores to prevent ingrowns and speed up the skin's healing process due to its anti-inflammatory properties.

OTHER INGREDIENTS

Citrus Medica Limonum (Lemon) Peel Oil, Mentha Piperita (Peppermint) Oil, Cymbopogon Schoenanthus (Lemongrass) Oil, Lavandula Angustifolia (Lavender) Oil, Cinnamomum Camphora (Camphor) Bark Oil, D-Limonene.

Ingrown Concentrate®

RECOMMENDED FOR

Especially sensitive areas, such as upper lip & eyebrow.

IN-TREATMENT PROTOCOL

PRE-HAIR REMOVAL PROCEDURE

- 1 • Waxing — Prep skin for a wax by applying and rubbing in 1-2 light drops of Ingrown Concentrate. Remove hair with wax.
- 2 • Sugaring — Skip this step. Sugaring is most effective when applied on dry skin.

POST-HAIR REMOVAL PROCEDURE

- 3 • Use 1-2 light drops of Ingrown Concentrate to remove any residue while soothing irritated skin.

CLIENT AFTERCARE PROTOCOL

- 1 • Use finger mitt (included in retail box) to exfoliate in the shower, focusing on ingrowns and problem areas.
- 2 • Out of the shower, apply a few drops of Ingrown Concentrate on ingrowns, bumps, razor burn or irritated skin.
- 3 • We recommend using the finger mitt to exfoliate around 3-5 times a week, and using Ingrown Concentrate as many times as needed—you can either use it to treat spots that have already popped up, or if you're a super sensitive skin type and prone to bumps, daily use may be best as a preventative measure.

KEY INGREDIENTS

COCONUT OIL

Deeply penetrates the hair follicles to eradicate dryness while speeding up the skin's healing process. Softens ingrown hairs so they can slide out of the skin.

TAMANU OIL

An antimicrobial oil derived from the tamanu nut that's packed with moisturizing omega fatty acids and antioxidants to soften skin and promote new, healthy cell growth.

TEA TREE OIL

A powerful antimicrobial essential oil that eliminates excess sebum in the pores to prevent ingrowns and speed up the skin's healing process.

CHAMOMILE EXTRACT

A natural antioxidant that calms the skin to soothe redness. One of the oldest known remedies for irritated skin.

OTHER INGREDIENTS

Ricinus Communis (Castor) Seed Oil, Carthamus Tinctorius (Safflower) Seed Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Lavandula Angustifolia (Lavender) Oil, Salvia Sclarea (Clary Sage) Oil, Borago Officinalis (Borage) Seed Oil, Oenothera Biennis (Evening Primrose) Oil, D-Alpha Tocopheryl (Vitamin E), Melaleuca Alternifolia (Tea Tree) Leaf Oil, Linalool, D-Limonene, Geraniol.

Silk Scrub®

RECOMMENDED FOR

Anywhere from head to toe 24 hours post-hair removal.

IN-TREATMENT PROTOCOL

VAJACIAL PROTOCOL

- 1 • After cleansing and drying the area, apply Silk Scrub and leave on for up to 10 minutes as an exfoliating mask.
- 2 • Remove product with a warm towel.

CLIENT AFTERCARE PROTOCOL

In the shower, massage Silk Scrub onto your skin—or, for extra exfoliation, leave it on as a mask for up to 10 minutes. For best results, we recommend using Silk Scrub 2-3 times per week.

KEY INGREDIENTS

JOJOBA BEADS

An environmentally-friendly alternative to plastic beads, this natural exfoliator unclogs follicles to prevent ingrown hairs and removes excess sebum.

PAPAYA AND PINEAPPLE ENZYMES

Natural exfoliating agents that remove dead skin cells and break down hair follicles to make pores appear smaller and fight inflammation.

GLYCOLIC AND LACTIC ACIDS

Powerful alpha hydroxy acids (AHA) that break the bonds between the skin cells to enhance natural moisturizing abilities and brighten uneven skin tone.

CLARY SAGE OIL

An antibacterial essential oil and astringent that soothes redness and post-shaving irritation.

OTHER INGREDIENTS

Aqua, Aqua (and) Glycolic Acid (And) Lactic Acid (and) Sodium Magnesium Silicate (and) Citric Acid (and) Xanthan Gum, Bromelain, Glycerin, Hydrogenated Castor Oil (Beads), Maltodextrin (and) Lipase (And) Subtilisin, Gluconolactone (and) Sodium Benzoate, Xanthan Gum, Salix Alba (Willow) Bark Extract, Lavandula Angustifolia (Lavender) Oil, Salvia Sclarea (Clary Sage) Oil, Jojoba Esters (Beads), Papain, Linalool, D-Limonene, Geraniol.

Ingrown Eliminator Serum®

RECOMMENDED FOR

Anywhere from head to toe 24 hours post-hair removal.

IN-TREATMENT PROTOCOL

VAJACIAL PROTOCOL

- 1 • To top off a vajacial, apply a spritz of Ingrown Eliminator Serum to your client's target areas.
- 2 • Optional — After the serum dries onto the skin, apply Fur Oil or Ingrown Concentrate (depending on your client's skin/hair type and preference) to soothe skin & prevent future ingrowns.

CLIENT AFTERCARE PROTOCOL

When ingrowns appear, apply liberally onto target areas (bumps, ingrowns, or irritation). Shake well to incorporate active ingredients. For more ingrown-prone skin, apply daily or more as needed.

KEY INGREDIENTS

WILLOW BARK EXTRACT

A natural form of salicylic acid, this astringent penetrates the pores and clears oil buildup to prevent inflammation.

WITCH HAZEL

An antimicrobial astringent packed with tannins that tightens pores, reduces oil production while conditioning the skin and reducing redness.

LACTIC ACID

A powerful alpha hydroxy acid (AHA) that breaks the bonds between the skin cells to enhance the skin's natural moisturizing abilities and brighten uneven skin tone.

ALOE

An antimicrobial cold pressed juice that restores suppleness to the skin, and gently hydrates to prevent irritation.

OTHER INGREDIENTS

Aqua, Hamamelis Virginiana (Witch Hazel) Extract, Willow Bark Extract, Aloe Barbadensis Leaf Juice, Lactic Acid, Phytic Acid, Polyglyceryl-6 Caprylate (and) Polyglyceryl-3 Cocoate (and) Polyglyceryl-4 Caprate (and) Polyglyceryl-6 Ricinoleate, Galactoarabinan, Glycerin, Phenoxyethanol (and) Ethylhexylglycerin, Saccharide Isomerate (and) Aqua (and) Citric Acid (and) Sodium Citrate, Lavandula Angustifolia (Lavender) Oil, Salvia Sclarea (Clary Sage) Oil, Hydroxyethylcellulose, Linalool, D-Limonene, Geraniol.
