Patient comfort

Soft polyester material for patient comfort

Multi-purpose

Soft polyester material for patient comfort

Available in clips or loops

Slings are available with loop or clip attachments to fit hook or loop style lifters

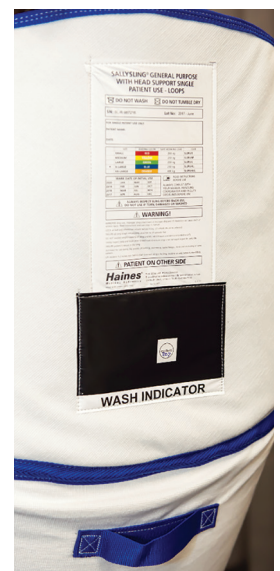

SallySling® General Purpose with Head Support slings support the whole body including the head. They are designed for use on one patient during their stay and should not be redistributed to other patients. With built-in head support and padded legs, the SallySling® General Purpose with Head Support sling ensures superior patient comfort during transfers. The SallySling® General Purpose with Head Support sling can be used for bed, chair and floor lifts.

- Slings are available with loop or clip attachments to fit hook or loop style lifters
- Tested to Australian Standards AS/NZS ISO 10535:2011
- Made of 70% Polyester / 30% Viscose with Polypropylene Straps
- **Always ensure you have read the Sling Application Guide before use**

BENEFITS FOR YOUR STAFF AND PATIENTS

- Can be used in pools, bathing and showers
- Soft Poly / Viscose to maintain skin integrity
- Breathable - this reduces sweating to help reduce moisture related skin integrity (see air permeable report)
- Absorbent - fluids don't run off
- Minimal stretch under load weight
- Can be used during XRAY / MRI

If you are working for a company or organisation within healthcare, aged care or a hospital, free samples are available. To request a free sample contact Haines® Medical

SALLYSLING® GENERAL PURPOSE WITH HEAD SUPPORT

Haines®
MEDICAL AUSTRALIA

Available with Clip or Loop attachments

Identification Label

The sewn-on label has space to write the patient's name to clearly identify the sling as theirs, to reduce any risk of cross-infection.

Wash Indicator

The SallySling® General Purpose is NOT designed to be washed. If the sling is accidentally washed or heavily soiled, the wash indicator will change labels so that the care provider is aware the sling not be used further.

Expected Lifetime

This sling can be used as long as it does not display any signs of wear or damage prior to each use, however we recommend that you replace the sling after 6 months of use

Easy Identification

Size is indicated by the colour of the binding

Extra Strength

Unlike some disposable slings, the SallySling® is Polyester Viscose for extra strength

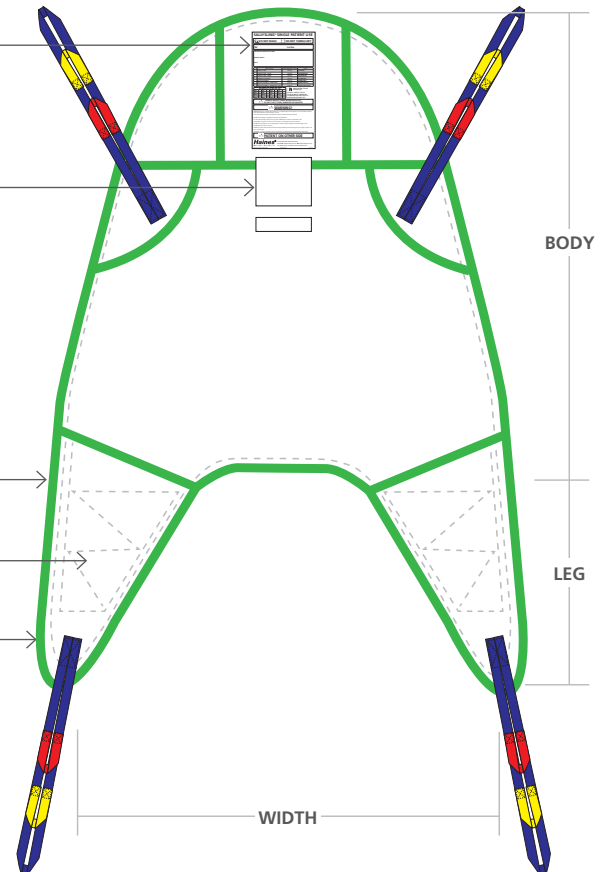

Padded legs for comfort

Attachment types

Loops

Clips
