

CALMING REPAIR CREME

Extra-strength moisturizing

For Extremely Dry, Sensitive Skin

SKIN CONDITIONS

Extremely Dry | Post- microdermabrasion | Sensitive | Laser or chemically treated

SKIN SYSTEM

Hydrate

ACTIONS

- Skin feels ultra-soft, calm and comfortable within minutes
- Skin stays soft, moist and comfortable for hours
- Protects from redness and other signs of irritation
- Skin acts less sensitive overtime

DESCRIPTION

Extra-strength, luxuriously rich creme is formulated for extremely dry, sensitive skin; revives comfort instantly as *Merospheres*, liposome encapsulated *Rosemary*, help direct the repair of skin's protective barrier down deep, where damage begins

Sea Whip, Green Tea and other calming *Plant* extracts soothe visible redness and other signs of sensitivity, while targeted *Antioxidants* control signs of aging that appear earlier than normal in sensitive skin. *Soluble Beta Glucans* supports skin's ability to make long-lasting corrections down deep, where sensitivity starts.

The result is skin that feels healthier immediately, acts healthier long-term – even when faced with irritants that may have been hard to overcome in the past.

Dermatologist-tested for sensitivity and irritancy.

Does not contain fragrance, essential oils, colorants, volatile alcohols, urea, sulfates, acids, strong emulsifiers, lanolin, mineral oil, formaldehyde-releasing preservatives, parabens or other commonly used sensitizers.

ACTION INGREDIENTS

Merospheres (liposome encapsulated rosemarinus officinalis) I inspires up to 450% increase in barrier lipid production

Moisturizing lipids I hold comforting moisture between cells for hours

Lipid-rich oils I provide essential lipids for smoother skin; help reduce sensitivity overtime

Algae & mugwort I unique anti-sting complex helps reduce discomfort in sensitive skin

Beta glucans I Biological Response Modifier, challenges skin to correct itself

Sea whip I strongest soothing action off all sea plants

FRAGRANCE

None

pH

5.2

SOLUBILITY

Oil-in-water emulsion

CALMING REPAIR CREME continued

DIRECTIONS

Home Care | After cleansing, apply a moderate amount of creme to sensitive skin. To reduce friction and help prevent redness that can occur during application, warm a dime-size amount of creme between your fingertips and lightly pat and press into the skin. Allow to absorb before applying makeup. May be worn AM/PM for 'round the clock deep moisturizing and age-fighting care for sensitive skin or worn as a night creme.

Caution | Calming Repair Creme has been formulated to meet the needs of truly sensitive skin. However, theoretically some skin may still be unable to use this product. It is recommended that those with ultra-sensitive skin perform a patch test on the inner forearm or on the neck area under the ear 24-hours before using this product over the entire face and neck.
