

# GLYCOLIC GEL PADS

For Oily to Normal & Acne-Prone Skin

10-Minute Peel

SKIN CONDITIONS	Oily to Normal   Acne-Prone Skin
SKIN SYSTEM	Exfoliate
ACTIONS	<ul style="list-style-type: none"> <li>• Gently removes dead cell build up on surface to improve luminosity and even tone</li> <li>• Lessens the appearance of fine lines with continued use</li> <li>• Can be used as wash-off or leave-on product</li> <li>• Helps clear acne breakouts by preventing new- and dissolving existing dead cell plugs in pores</li> </ul>
DESCRIPTION	<p>Micro peel with glycolic acid at low pH (3.5), hydrating peptides, and botanical extracts. Smoothes, firms, helps clear acne, and improves pore appearance.</p>
ACTION INGREDIENTS	<p><b>10% Pure Glycolic Acid:</b> Penetrates into pores, minimizing the skin cell build-up that causes acne lesions. Exfoliates the outer dead cell layer to reveal healthier, fresher skin. Studies show that this form of pure medical grade glycolic acid is up to 60% better at increasing skin cell renewal.</p> <p><b>Algae Firming Peptides:</b> Derived from Hawaiian Red Sea Extract, this hydrating, purifying ingredient also boosts collagen production.</p> <p><b>Mate, Kola and Guarana Extracts:</b> These botanicals calm skin inflammation, acne breakouts, mature and hormonally disturbed skin.</p>
INGREDIENTS	<p>Water, Glycolic Acid, Glycerin, Ahnfeltia Concinna (Algae) Extract, Cola Nitida (Kola) Seed Extract, Paullinia Cupana (Guarana) Seed Extract, Ilex Paraguariensis (Mate) Leaf Extract, Sodium Hydroxide, Xanthan Gum, Butylene Glycol, DMDM Hydantion, Iodopropynl Butylcarbamate.</p>
DIRECTIONS	<p><b>After cleansing, apply evenly to skin with cotton pad, once or twice daily.</b> For first two weeks, rinse off after 10-20 minutes. After two weeks, if well tolerated, do not rinse off.</p> <p><b>Warnings:</b> Avoid eye area. Never apply to red, irritated or peeling skin.</p> <p><b>Sunburn Alert:</b> This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards.</p>
