

# RING SIZING GUIDE

Follow the steps in this guide to find your correct ring size.  
You will need a ruler and scissors.

1. Print this sheet at 100% Scale.
2. To ensure this page is printed correctly, place your real ruler and measure against the page ruler. *They must match!*

3. Carefully cut out the ring sizer and make a slit on the dotted line

4. Slip the pointed end through the slit and place around your finger. Pull it through until the fit is nice and snug.
5. Your size is the closest number to the slit.
