

BOOSTER BAR

HOW TO INCORPORATE INTO TREATMENTS

The Booster Bar is an excellent way to elevate your treatments and the results your clients are looking for! These powerful formulations may be added into the enzyme step, building and strengthening cocktail, mask or even your finishing application.

ENZYME STEP

- Mix a few smidgens directly into enzyme.
- Blend a few smidgens with **Cucumber Spritz** and apply to skin first.

BUILDING AND STRENGTHENING STEP

- Blend a few smidgens with 2-3 droppers of **Mandelic Arginine Peel**.
- Mix a few smidgens with 2-3 pumps of our Building and Strengthening serums.
- Stay tuned for cocktail blends!

MASK STEP

- Blend a few smidgens with your favorite RA Mask.
- **Lumistem Gel** is an excellent option!

FINISHING STEP

- Add a smidgen to your favorite RA serum or hydrator.
- Give your clients these potent ingredients long after they've walked out of your treatment room!

Create your own customized cocktail and give your clients that *boost in treatment room results!*
