

HOME REJUVENATION PEEL PRO YOUTH/PIGMENTATION

This home care peel is perfect to keep your skin soft and even during this time of quarantine. It is important to use the Skin Rehab post care provided and only do this peel every 10-14 days - making sure skin is completely healed and has time to rejuvenate. If you peel too closely together, you will interrupt the healing process. We use the power of pumpkin to brighten and plump away fine lines and AHA's to soften and loosen cells. The perfect at-home, go-to peel for younger, radiant-looking skin.

PRODUCTS USED

Pumpkin Lactic Cleanse

Pumpkin Parfait Enzyme

Mandelic Rejuvenator

Skin Smoothing Gel

Retinol Supreme

Omega 7 Complex

Calming Milk Cleanse

HA2O Spritz

Growth Factor Serum

HOME PEEL DIRECTIONS

Step 1: Cleanse skin with the brightening essence of **Pumpkin Lactic Cleanse** for an exfoliating, deep-pore cleanse. Dispense 1-2 pumps into dampened hands and massage into skin for several minutes (don't rush this step). Remove with warm water and soft cloth then pat skin dry.

Step 2: Apply a thin, even layer of **Pumpkin Parfait Enzyme** to clean, dry skin. Let remain on skin for 10 minutes. Rinse with tepid water and 4x4 gauze or cloth. Gently pat skin dry.

Step 3: Apply **Mandelic Rejuvenator**, a strengthening serum that increases cellular energy for renewed, healthy-looking skin. Dispense 1-2 pumps onto fingertips and gently massage into clean, dry skin. Let product absorb and remain on skin.

Step 4: Dispense 1-2 pumps of **Skin Smoothing Gel** onto fingertips and apply over **Mandelic Rejuvenator**. Let product absorb and remain on skin.

Step 5: Dispense 2-3 pumps of **Retinol Supreme** onto fingertips and apply over **Skin Smoothing Gel**. Let product absorb and remain on skin overnight. If skin feels too dry, apply **Omega 7 Complex** overtop.

POST-PEEL DIRECTIONS – Apply these products/steps only for the next 5-7 days AM and PM.

Gently cleanse with our soothing **Calming Milk Cleanse**. Remove with tepid water and soft cloth then pat skin dry.

Next, promote healthy cell renewal using potent EGF. Dispense 1-2 pumps of **Growth Factor Serum** onto fingertips and apply to clean, dry skin. Skin may experience a warming sensation which will subside in a few minutes.

Restore elasticity and renew skin with our ultra-hydrating, pro-youth replenish serum. Dispense 1-2 pumps of **Omega 7 Complex** onto fingertips and smooth onto skin. Let product absorb and remain on skin. Use AM and/or PM as needed.

Give your skin a much needed "drink of water" using **HA2O Spritz**, an all-natural, moisture-binding hydrator that will leave skin cool and relieved. Mist throughout the day as needed to relieve tightness and sensitivities. Store in refrigerator for additional cooling relief.
