SKIN PREPARATION

Cleanse skin with a mix of **Creamy Milk Cleanser** + 2 pumps of **C-Peptide Complex** work in for several minutes, rinse thoroughly with 4x4 gauze.

Perform a second cleanse with **Skin Brightening Cleanser**. Work in for several minutes and rinse thoroughly with 4x4 gauze. Pat skin dry.

Saturate 2x2 gauze with **Brightening Pigment Lotion** - apply to face and neck using firm, even pressure. Let product absorb and remain on skin.

ENZYME APPLICATION

Mix 2 smidgens of **Enzymatic Lotus Booster** into **Cucumber Spritz** and apply to skin.

Then dispense 3/4 tsp. of **Mint Papaya Enzyme** into glass beaker. Dispense 1/4 tsp **Brightening Scrub** into same glass beaker and mix together. Apply mixture to face and neck using gloved hands - gently work into skin for a few minutes. Wrap face and neck with hot compress and leave on skin for several minutes.

Rinse with tepid water and 4x4 gauze. Rinse several times to ensure thorough removal. Pat skin dry.

LED APPLICATION

Dispense 1-2 droppers of **Mandelic Arginine Peel** and gently massage into skin. Perform LED Light Therapy as recommended by your device.

BUILDING & STRENGTHENING APPLICATION

Dispense 1-2 pumps of **Naturalé Mega Brightening Serum**, 1-2 pumps of **Growth Factor Serum** to 1 smidgen of **L-Ascorbic Infusion**, mix well together. Apply mixture to face and neck and gently massage into skin.

Apply 1-2 pumps of **SynErgy A** and gently massage into skin. Apply 1-2 pumps of **Grape Seed Hydrating Serum** and gently massage over top of nutrient cocktail for several minutes.

LUMISTEM GEL MASK APPLICATION

SKIN TYPE	MASK OPTIONS
Superficial Discolorations	1 tsp. LumiStem Gel Mask
Sun-Induced, Melasma, PIH	1/4 tsp Brightening Cream Enhanced + 3/4 tsp LumiStem Mask

Dispense mask mixture into glass beaker. Using a firm, square brush apply an even layer to face and neck. Lay two unfolded 4x4 gauze, dampened with cool water, on upper and lower portions of the face. Roll chilled ice globes for several minutes, and then wrap face with Hot Towel Compress. Leave on the skin for 8-10 minutes. Rinse with tepid water and 4x4 gauze.

OXYGEN APPLICATION

Perform oxygen therapy using **O2 Vitalixir**. Gently pat remaining serum into skin after application.

FINISHING APPLICATION

Dispense 1-2 pumps of **C-Peptide Complex** and gently massage into skin. Dispense 1 pump of **Grape Seed Hydrating Serum** and 1 pump of **Blushed Wine Gel** and gently massage into skin.

Finish with a thin layer of **Daytime Defense SPF30** or **IllumiColour Mineral Finisher** for daytime protection.
