

Rhonda Allison's Chocolate Antioxidant Mask is therapeutic free radical defense. Infusing skin with all-important antioxidant support, this mask will revitalize, replenish, and repair depleted skins. Beneficial as a stand-alone mask or mixed with a variety of other facial treatments, the pleasant scent of chocolate and the cooling sensation as it works into the skin, result in a nurturing experience for your clients.

Research has proven that certain components in Cocoa, the main ingredient in the Chocolate Antioxidant Mask, actually improves blood flow and vessel function – improving the appearance of skin by increasing hydration, decreasing roughness, and supporting the skin's defenses against UV damage. Also known as a "happy" mood-enhancing ingredient, this amazing mask is the perfect choice for detoxifying support.

FOCUS INGREDIENTS

Cacao Crodamom (2% Cocoa): A concentrated extract from unroasted beans; contains poly-phenols for antioxidant and cell damage protection, naturally occurring mood-enhancing substances for happy skin and detoxifying support and reduced water retention.

Vaccinium Macrocarpon (Red Tocol Arctic Cranberry Seed) Oil: Is a tocotrienol-rich oil from seeds of Arctic Cranberry, high in omega-3 and omega-6 fatty acids; gives skin protection against free radicals; anti-aging, skin lightening, moisturizing, soothing, and nourishing.

Rubus Chamaemorus (Cloudberry) Seed Oil: A fruit bearing perennial that is rich in essential fatty acids, phytoesters and antioxidants; adds softness and soothing emolience to dry, irritated skin.

Myrciaria Dubia (Camu Camu) Fruit Extract: Has an extraordinarily high Vitamin C content and is rich in flavonoids and antioxidants; protects skin from free radicals and is a powerful anti-aging compound that promotes the development of healthy collagen, diminishing the appearance of fine lines and wrinkles; stimulates tissue regeneration and supports skin elasticity and firmness; soothes blemished skin.

Euterpe Oleracea (Acai) Fruit Extract: From a species of palm; contains anti-aging properties with a rich array of nutrients, antioxidants, and anti-inflammatory actions; highly emollient and penetrates skin quickly; treat acne, reduces swelling and eases muscular aches and pains; protects skin against the damage of free-radicals and may help destroy and protect skin against cancer cell formation; highly moisturizing, restores elasticity to the skin, and antibacterial.
