

Glycolic Acid 20% Resurfacing Pads

QRxLabs Glycolic Acid 20% Resurfacing Pads conveniently provide a gentle yet effective treatment that exfoliates and moisturizes the skin, reducing the appearance of fine lines and improving texture. They encourage a smoother looking skin without irritation.

Each jar contains 50 pads made of soft non woven material with a waffle-shaped textured surface that will gently cleanse and exfoliate the skin without irritation. The pads feature a convenient finger notch that makes it easier to pick from the jar and they come fully saturated with solution so that even the last pad in the jar will never be dry.

Benefits of daily use:

- Exfoliate the skin and reduce the appearance of fine lines and wrinkles
- Encourage the generation of collagen responsible for skin cell turnover
- Improve skin hydration
- Reduce photo-damage and skin tone issues
- Leave the skin looking younger and more radiant

Key Ingredients

20% Pure Glycolic Acid

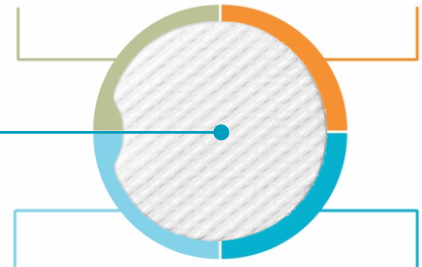

One of the best exfoliating and hydrating acids from the Alpha Hydroxy group.

Vitamin B5

An essential vitamin that helps to keep the skin healthy and hydrated.

Non-Woven Textured Pads

Professional-grade pads featuring a waffle pattern to maximize exfoliation without irritating the skin.

Vitamin C

Reduces photo-damage and contributes to collagen synthesis.

Calendula & Green Tea

These extracts act as antioxidants and anti-inflammatory agents.
