

Glycolic Acid Toner

QRxLabs Glycolic Acid Toner is a professional-strength facial toner formulated to provide an exfoliating effect without overly irritating the skin. It combines natural ingredients such as Pomegranate and Ginkgo extracts, and Hydrolized Rice Protein with medical-grade Glycolic and Lactic acids, without any artificial fragrances or parabens. It helps to reduce acne and fine lines, and to improve radiance over time.

This toner's advanced formulation features a precisely **balanced pH of 3.8** that maximizes its exfoliating effect while minimizing irritation and sensitization of top dermal layers.

Benefits of daily use:

- Even out skin tone
- Attract and retain moisture
- Accelerate cell turnover
- Leave skin feeling clean and glowing

Key Ingredients

Glycolic & Lactic Acids

Mixed in optimal proportions to provide gentle exfoliation and a brighter skin tone.

Hydrolized Rice Protein

A power pack of amino acids that nourish the skin and keep it fully moisturized.

Pomegranate Extract

A natural anti-ageing ingredient that supports and encourages cell regeneration.

Ginkgo Biloba Extract

A potent anti-oxidant that protects the skin against the effects of free radicals.
