

Glycolic/Lactic Acid 30/20 Gel Peel

Our professionally formulated Glycolic/Lactic 30/20 Acid Gel Peel contains a 30% concentration of glycolic acid and a 20% concentration of lactic acid, uniquely combined to provide a medium strength peel with low irritation.

It can typically help to:

- exfoliate surface cells
- deeply hydrate the skin
- reduce the appearance of photodamage and scars
- fade age spots and sun spots
- lighten and even out skin tone
- fade hyperpigmentation
- smooth out fine lines

This peel's advanced formulation combines our **medical-grade glycolic and lactic acids** with **Calendula, Chamomile and Green Tea extracts**, natural ingredients with anti-inflammatory and antioxidant properties that protect the skin and reduce irritation.

Our Quality Commitment to You

- Parabens-free and Silicone-free products
- Ecologically responsible product packaging
- Always cruelty-free, with no animal testing
- High quality products always made in the USA

Warnings & Directions

Application Instructions: Cleanse the skin thoroughly. Apply peel evenly with an appropriate applicator pad or fan brush. Let stand for 1-3 minutes, depending on skin sensitivity. Apply a neutralizer such as the **QRxLabs Chemical Peel Neutralizer™**. Once the peel has been neutralized, rinse generously with cool water. Dry skin and apply a peptide serum such as the **QRxLabs Peptide Complex Serum™** daily for the following 2 weeks.

Warnings: For external use only. Please check with your doctor or skin specialist before using this product. **Always test product first on a very small area to measure your skin's sensitivity. Never use this product without a neutralizer readily available.** Avoid any direct contact with eyes. If swallowed, seek medical help or contact a Poison Control Center immediately. Keep out of reach of children.

Storage: Keep bottle tightly closed. Store in a cool, dry place, out of reach of children. Keep away from direct sunlight.
