

NiacinaMax Serum

QRxLabs NiacinaMax Serum is a **maximum strength Niacinamide serum** containing a 10% concentration of ultra pure Niacinamide combined with Tea Tree Oil, Calendula Extract and Vitamin B5.

Niacinamide, one of the most highly praised ingredients in skincare nowadays, can effectively help to address some common concerns such as enlarged pores and uneven skin tone. When combined with Tea Tree Oil and Calendula Extract, it will help to maintain the skin clear and reduce redness and inflammation.

With its advanced formulation optimized for **maximum dermal penetration**, this serum will quickly get absorbed into the skin and consistently deliver solid results.

Benefits of daily application:

- Reduced pore size for a smoother skin
- More even skin tone
- Clearer complexion
- Less redness and inflammation

Preferred by Dermatologists
