

Skin Drying Lotion

With a formulation combining proven ingredients such as Sulfur, Calamine, Salicylic Acid and Bentonite Clay, the QRxLabs Skin Drying Lotion is a fast and effective overnight treatment for whiteheads and blemishes.

By incorporating Eucalyptus Oil, a natural antiseptic, this lotion also carries a soothing and refreshing light scent, making the treatment a pleasant part of your bed-time routine.

When applied to problem areas after using a good cleanser, this treatment will dry out pimples and diminish whiteheads overnight for a fresh start the next morning. Our advanced formula contains **no Alcohol** (a harsh and irritating solvent) and is **completely free of Talc and Titanium Dioxide**, both of them potentially carcinogenic ingredients.

Benefits of overnight application:

- Reduces size of pimples
- Dries out whiteheads
- Alleviates skin irritation

Preferred by Dermatologists

REGISTERED

Key Ingredients

Bentonite Clay

An effective skin detox ingredient often known as Indian healing clay

Sulfur

Reduces buildup in pores by killing bacteria and drawing the oils out

Calamine

Contains Kaolin, which reduces irritation and helps give the skin a more radiant look

Salicylic Acid

A beta hydroxy acid (BHA) that helps to control whiteheads and to maintain a clear skin

Our Quality Commitment to You

- Parabens-free and Silicone-free products
- Ecologically responsible product packaging
- Always cruelty-free, with no animal testing
- High quality products always made in the USA
