

Squalane HA+ Moisturizing Cream

QRxLabs Squalane HA+ Moisturizing Cream combines 100% pure sugarcane-derived Squalane that is ECOCERT approved and is a USDA Certified Bio-based product with Hyaluronic Acid and Vitamin B5, resulting in the most **intense and effective moisturizing** without any heavy or greasy feel.

In addition to these powerful ingredients, this cream also contains Hydrolyzed Rice Protein, a **natural skin nutrient** that contributes to a healthier and more **radiant-looking complexion**.

A small amount of this concentrated cream will go a long way in **protecting the skin** and helping to maintain its elasticity, for a younger and healthier appearance.

Key Ingredients

Sugarcane-Based Squalane

The purest and most stable Squalane available on the market (ECOCERT approved).

Ultra Pure Hyaluronic Acid

The most hydrating molecule, holding up to 1,000 times its own weight in water.

Verbena Essence

A light natural and soothing scent that will leave you feeling calm and refreshed.

Hydrolyzed Rice Protein

A power pack of amino acids that nourish the skin and keep it fully moisturized.

Vitamins B5 & E

These important vitamins keep the skin healthy and hydrated.
