

Whitening Serum

Have you ever dreamed of a flawless, spotless and brighter skin tone without the risks of harsh chemicals? Well the wait is over with **QRxLabs Whitening Serum**.

Specially formulated with the most effective skin whitening and lightening agents available on the market today, **QRxLabs Whitening Serum** only uses the safest ingredients from the most reliable sources to offer the results you expect without the risks of harsh chemicals such as Hydroquinone.

When applied twice a day to the target areas, this treatment will encourage a smooth and uniform skin tone and a lighter complexion over time.

Benefits of daily application:

- Reduces skin discoloration
- Helps to erase age/sun spots
- Lightens skin tone
- Supports a brighter, smoother overall complexion

Key Ingredients

2% Alpha Arbutin

Scientifically proven to be the most effective skin whitening ingredient on the market

1% Kojic Acid

Used for generations in Japan for its ability to lighten skin tone naturally

Licorice Root Extract

Gently reduces the appearance of skin discoloration and spots with no health risks

Niacinamide (Vitamin B3)

A powerful skin-restoring ingredient that reduces dullness and fine lines and improves skin tone
