

CITRA PRO

CONCENTRATED CLEANER / DEGREASER

CITRA PRO IS AN ECONOMICAL CONCENTRATED INDUSTRIAL CLEANER AND DEGREASER THAT IS USED TO REMOVE OILY, GREASY ACCUMULATIONS AND SOILS FROM ENVIRONMENTAL SURFACES. REMOVES WAX AND POLISH FROM FLOOR TILES.

PRODUCT HIGHLIGHTS

- **Non-flammable and non-combustible:** CitraPro will not burn even when soaked onto rags or other absorbent material. Even the concentrated product is completely nonflammable. It is the ultimate safety cleaner.
- **Non-corrosive:** CitraPro is non-corrosive to steel and will not attack aluminum at the standard 1:5 dilution. It is pH controlled and contains special corrosion inhibitors.
- **Highly Efficient:** CitraPro can be diluted up to 1:64 for light duty cleaning and will clean heavy greasy surfaces at 1:5 dilution.
- **Penetrates and Removes Grease:** CitraPro works much more efficiently than typical emulsifier degreasers. It penetrates through the greasy soil and breaks the bond at the surface. Thus the greasy film is lifted off completely, and the surface is left clean with no oily film remaining. Just apply, let it penetrate, and flush the surface clean.
- **Economical:** Citra Pro is a concentrated degreaser. By diluting it, Citra Pro becomes a very affordable degreaser.
- CitraPro contains no butyl solvents, chlorinated solvents, EDTA, NTA or other toxic substances.
- Mild, pleasing citrus smell
- Available in 1 gallon and 5 gallon.

USES

- Garages
- Patios
- Driveways

CitraPro is used to clean metal parts, greasy surfaces of floors, counters, equipment and all industrial applications where a nonflammable degreaser and cleaner is required. Removes wax/polish easily and effectively.

QUICK LOOK:

Type: Water based, nonflammable degreaser
Toxicity: Non-toxic. Do not take internally
VOC's: ~2 lbs/gal.
Flammability: Non-flammable
Composition: Biodegradable surfactants and citrus solvents with non-butyl solvent boosters
Color: Orange
Odor: Citrus
Coverage:

**Coverage rates may vary depending on porosity, dilution, texture, application method and prior sealer application. Excess buildup should be avoided.*

CITRA PRO

HOW TO USE:

1. Heavy Duty Industrial Cleaning: Dilute 1:1 to 1:10 with water as required. Spray or mop over the surface and allow time to penetrate the grease or soil. Agitate and rinse clean.
2. Oil & grease on Concrete: Dilute 1:4 with water. Spray or mop over area and allow several minutes to penetrate. Agitate with a stiff brush and power flush off with a water jet.
3. Floors, Walls, Counters, Etc: Dilute up to 1:20 with water. Mop or wipe down area and rinse with clean water.
4. Light Duty Daily Cleaning: Use 2 oz. per gallon water, 1:64 dilution.
5. Wax Polish Removal: Dilute 1:4 with water and mop over area to be cleaned. Allow 5 minutes to penetrate and soften polish. Scrub with a stripper pad. Rinse and mop up residue.

PRECAUTIONARY STATEMENT:

Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/ protective clothing/eye protection/face protection. Take off contaminated clothing and wash before reuse. Dispose of contents/ container according to local, state and federal regulations.

FIRST AID:

IF INGESTED: Drink two glasses of water. Do not induce vomiting. Get Immediate Medical Help.
IF IN EYES: Flush thoroughly with water for 15 minutes, lifting both eyelids. If irritation persists, Get Medical Help.
IF ON SKIN: Rinse off thoroughly with water then soap and water. Wash contaminated clothing before reuse.

IN CASE OF FIRE:

This product is not flammable.
