**Minimum Order:** We have a 2 square ft minimum. We always round up to the next whole square foot to allow for spacing and outside edge requirements.

**Size Minimum and Maximum:** The smallest cuttable size is 1/2" x 1/2". The largest is 16" x 28".

**Size Category Definitions:**

- 6" (large) 4 characters maximum per square foot.
- 2" (medium) 30 characters maximum per square foot.
- 1" (small) 120 characters maximum per square foot.
- <1" Requires a price quote.

**Turnaround:** Clear and white acrylic is stocked in-house, colored acrylic is ordered weekly. Production time is typically 4-5 days after receipt of acrylic.

**Edge:** Laser cut letters and shapes have a polished edge.

**PRICING EXAMPLE**

Laser Cut: RESTAURANT  
 Size 6" tall letters.  
 Cut from material: 1/4" Clear Acrylic

**RESTAURANT**

The area is 6" x 55" or 2.29 square feet. We round up to the closest square foot for spacing and edge, making the CNC Project 3 square feet.

Cost: 3 square ft X \$45.38 = \$136.14 + the cost of the acrylic.
