Am I eligible for Pay later?

To use Pay later you must be at least 18. Whilst this option is widely promoted, Pay later is subject to your financial circumstances. When choosing Pay later, our assessment will not affect your credit rating.

How can I increase my chances of being accepted for Pay later?

Klarna is unique and offers Pay later based on a number of factors such as the order value, previous order history and item availability. If you are 18 or over, you can improve your chances of being offered Pay later by ensuring you provide your full name and accurate address details and shipping to your registered billing address. All orders are assessed individually. Just because you have had Pay later before does not mean it will be offered for every order and in turn, as it is denied does not mean it will be denied for all future orders.

Will a credit search take place against me?

Klarna may run so-called unrecorded enquiries (or soft credit searches) that do not affect credit scoring and are only visible to you and Klarna, but not visible to other lenders. Neither Klarna nor [MERCHANT] run credit searches against you that could impact your credit rating.

Why have I not been offered Pay later?

Although Pay later is widely promoted it is not always universally available. The Pay later method is automatically generated by algorithms that are dependent upon a number of factors including amount of order, the online store, previous order history and item availability. Alternatively, you are able to complete your order by paying by credit or debit card at the checkout.

What are my payment options with Klarna?

You can pay with debit or credit card immediately in the checkout or take advantage of our Pay later payment option, where you can pay for the goods once you have received them via credit card or debit card. What happens if I cancel or return my order? As soon as [MERCHANT] have accepted your cancellation/return, then Klarna will cancel the statement or refund your payment.

What happens if I don't pay for my order?

Payment is due 30 days after the item is shipped. To help you pay on time, we'll alert you two days before payment is due – you'll receive email reminders to pay – and, if very late, we'll also send you a text or letter, too. If you fail to pay Klarna for your order, your credit score will be affected.

I have been asked to go to Klarna's site. Is this correct?
