Work cable setup round 9 times more (10 rows separate each cable including the cable row.)

Work cable round.

Continue in this manner (working a cable every 10 rounds) for a total of 4 cables.

AT THE SAME TIME work thumb gusset:

On the row after the second cable round, work thumb gusset in this manner:

Round 1: knit 2, purl 2, knit 6, purl 2, knit 2, purl 1, increase in purl, purl 1, knit 2, purl 2, knit 6, purl 2, knit 2, purl 2

round 3: knit 2, purl 2, knit 6, purl 2, knit 2, purl 1, increase in knit stitch, purl 1, work as established to end of round

round 4, work as established to thumb gusset. Purl 1, knit 2, purl 1, work as established to end of round

round 5: Work as established to thumb gusset, purl 1, increase in first knit stitch, increase in last knit stitch, p 1, work as established to end

round 6: Work as established until gusset, work gusset even (purl 1, knit 4, purl 1)

Alternate rounds 5 and 6 until you have 10 knit stitches in the thumb gusset, while working the cable pattern at the same time.

On the next round, put the knit thumb stitches on a holder, and join the purl stitches together again. Continue to work until you have 4 cables. Repeat cable setup round 5 times after the last cable round. Cast off.

Thumb: Pick up the 10 thumb stitches with double pointed needles, and pick up two stitches on the opposite side of the thumb. Note - I often pick up an extra stitch on each side and knit them together on the first round to prevent a hole from forming on the thumb gusset.

Work knit 1, purl 1 rib for 3 rounds. Cast off.

Repeat for second glove.
