

# Washing Machine CLEANER + DEODORIZER

Nuvera's peroxide-powered formula helps remove odor causing residues that build up in your washing machine. Use monthly to keep your washing machine clean and smelling fresh. Not for use with clothes. Safe for septic tanks. Contains no phosphate. Made in the USA.

### DIRECTIONS

Remove clothing or other items from washing machine before using. Use 2-3 ounces of product, depending on your water hardness. For a top load washing machine, pour cleaner directly into your washer tub. For a front load washing machine, pour cleaner into the detergent dispenser drawer. Run washing machine on normal cycle with the hot water setting. If your HE washing machine has a maintenance cycle, follow the manufacturer's recommendations.
