

KASTELLA

F45 Collection

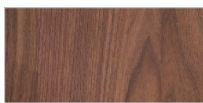

F45 is a collection inspired by the mitre joint, a woodworking term used to describe the joinery of two 45-degree angles. The pieces are defined by angular, tapered elements that form the base aesthetic of the collection. In this collection we introduced Fenix NTM, a highly resistant, acrylic resin ideal for table tops.

S305 | Bookshelf

Our design goal for the S305 was to create a display unit with maximum space and a minimum feel. The shelving unit is constructed using solid wood frames and Fenix NTM panels that are notched to fit around the wood components. It's an elegant, open storage solution that integrates easily into a number of decors.

MATERIALS

American Black Walnut

American White Oak

Bleached White Oak

Quebec Maple

Black Fenix

SPECIFICATIONS

- Finished with a hand rubbed oil or a matte water based lacquer.
- Handmade in Montréal.

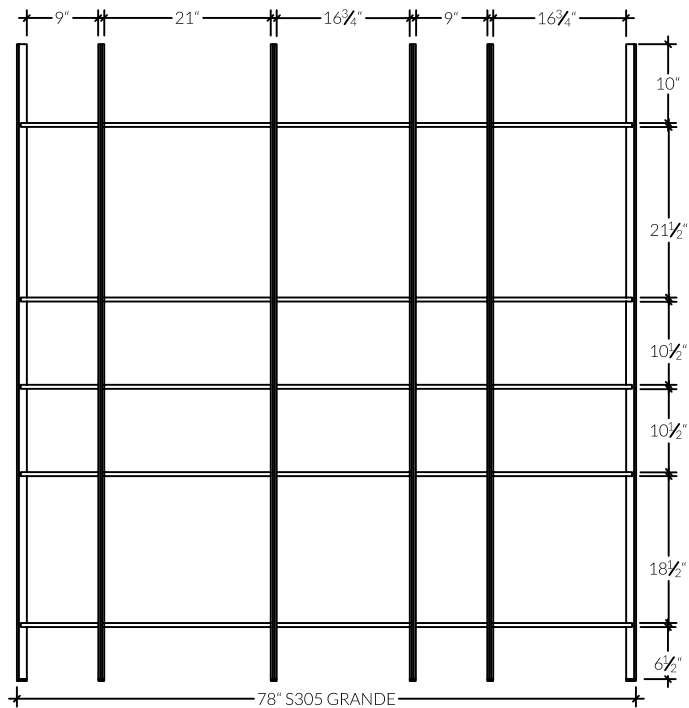

DIMENSIONS

- Tall: 50 in x 14 in / Height 80 in
- Large: 78 in x 14 in / Height 80 in
- Shelves are available in solid wood or Black Fenix
