## Cove Collection

Cove, our newest collection, originally inspired by a simple curved form became our most technically challenging. The junction of the flared apron and the rounded legs pushed our woodworking team to maintain the original design direction while ensuring the integrity of the structure.

### T113x | Extendable Table

The T113x, an elegant dining table designed to accommodate from 6 to 10 people. The table features the collection's signature solid wood base and a top made of Fenix NTM, a highly resistant acrylic resin available in multiple color options. Once the table legs are pulled back, the butterfly mechanism allows the integrated leaves to unfold. A locking mechanism maintains the structural integrity of the base while the leaves are housed between the table's aprons, eliminating the need to store them elsewhere.

### MATERIALS

American Black Walnut

American White Oak

Bleached White Oak

Blackened Black Oak

Quebec Maple

### SPECIFICATIONS

- Finished with a hand rubbed oil or a matte water based lacquer.
- Handmade in Montréal.
- Table top is available in different colours of Fenix

### DIMENSIONS

- 70 in x 39 in / Height 30 in (Standard)
- 103 in x 30 in / Height 30 in (Extended)
