

KASTELLA

F45 Collection

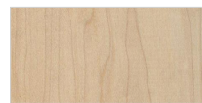

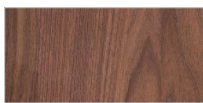

F45 is a collection inspired by the mitre joint, a woodworking term used to describe the joinery of two 45-degree angles. The pieces are defined by angular, tapered elements that form the base aesthetic of the collection. In this collection we introduced Fenix NTM, a highly resistant, acrylic resin ideal for table tops.

T210 | Coffee table

Inspired by the T110, the beauty of this coffee table are the 45 degree angular legs and how they seamlessly continue to form the base of the table. The table top is available in solid wood like the base or Fenix NTM, a highly resistant acrylic resin.

MATERIALS

American Black Walnut

American White Oak

Bleached White Oak

Quebec Maple

Black Fenix

SPECIFICATIONS

- Finished with a hand rubbed oil or a matte water based lacquer.
- Handmade in Montréal.

DIMENSIONS

- 40 in x 25 in / Height 16 in
