# ASSEMBLY

Your stand frame is designed to slot together by hand as shown in the images below. You do not require any specialist tools for assembly. Use the below diagram in conjunction with the parts list shown on the opposite page to identify and place the parts within the frame assembly.

 Please read the enclosed safety guidelines and care instructions before attempting to assemble this product

# COUNTER, ROOF & SKIRT

---

## Tarpaulins

All tarpaulins are equipped with eyelets and permanently attached ball loop bungees with hooks that are designed to wrap around the market stall frame and hook back over the plastic ball of the bungee in order to keep the tarpaulin taut.

## Counter Boards

Counters sit over the counter bars of the stand. Counter boards H1 and H3 have cutouts in the corners which allow the boards to lock into place inbetween the legs at each end of the stand frame.

# WARNING

---

- ✘ **Do not** climb on framework or counter top (where present).
- ✘ **Do not** use a steel hammer to assemble framework, doing so may cause damage to surface finishes or bodily injury.  
*Note: no specialist tools are required to assemble this product but if so required, use a rubber or wooden mallet only.*

✘ **Do not** assemble framework on a steep incline.

✘ **Do not** let rain or snow accumulate on the roof canopy.

! When new, the framework assembly may be stiff. This stiffness will ease with regular use.

! When new, the framework of this product may contain loose metal filings. Be careful when first assembling.

! When new, oil residue may be present around connection points. Be careful when first assembling.

! This product is designed to withstand inclement weather conditions but it is always recommended that additional ballast or grounding anchors be used wherever possible. Anchoring is your responsibility. Damages caused by poor weather conditions are not warranted.

! In extreme gusty conditions it is advised that framework is disassembled entirely.

! This framework is designed for temporary use only and is not a permanent structure.
