DEER REPELLENT

Designed & formulated for professional use:

- Pest Control Operators • Landscapers • Golf Course Superintendents
- All Landscape Installation & Maintenance Professionals

DIRECTIONS FOR USE: For **FIRST** Application use aggressively. Beginning 18" out from a bed or drip line, apply an 18" to 20" perimeter barrier strip around groups, plots, beds, rows of trees, shrubs, flowers or other edibles at risk for deer browsing damage. For **overly aggressive deer browsing**, widen the perimeter strip to 24" and apply heavier. Use **Deer Scram™ Professional** every 30 to 45 days. Normal rainfall enhances product. After very heavy or extended rainfall, reapply. **Deer Scram™ Professional** lasts up to 90 days in winter and works well under fresh snow. If snow crusts, break up & reapply. See application instructions inside for additional use.

COVERAGE: 25 LB CONTAINER will provide approximately 1440 linear feet of protective strips.

PRECAUTIONARY STATEMENTS Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water 15-20 minutes. Call Poison Center or doctor for treatment. **Storage:** Store in original sealed container. Do not contaminate water, food or feed by storage or disposal. Do not apply directly to water. **Disposal:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety & use not in accordance with directions.
