

# Aquicare® Granular Turf Wetting Agent

## Guaranteed Analysis

Calcium (Ca).....19.0%

## Non Plant Food Ingredients

20% Carbon

## Active Ingredients:

75% Ethylene oxide-propylene oxide copolymer  
15% Polyethylene glycol  
10% Poly(oxy-1,2-ethanediyl),.alpha.-[2,4-bis(1,1-dimethylpropyl)phenyl]-.omega.-hydroxy-

## KEEP OUT OF REACH OF CHILDREN

## WARNING

May be harmful if swallowed. Causes skin irritation.  
Causes serious eye irritation.

## PRECAUTIONARY STATEMENTS

Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, eye protection and face protection.

## FIRST AID

**IF IN EYES:** Rinse cautiously with water for 20 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. **IF SWALLOWED:** Call a poison control center or doctor for treatment advice if you feel unwell. Rinse mouth.

**IF ON SKIN:** Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash it before reuse.

## STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Store in a locked area away from children, feed and food products. Ensure that the area is clean and dry. Reseal opened bags by folding down and securing the bag. To minimize application problems, do not store unused product in sprayers for long periods of time.

**Disposal:** Dispose of contents/container in accordance with Federal, state and local regulations.

**FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT, CALL: CHEMTREC 1-800-424-9300**

## GENERAL INFORMATION

**Aquicare Granular** is formulated with a high load of Aquicare per ton of finished product on a biodegradable carrier. The combination of vertical and horizontal movement of water in the soil profile along with this easy to apply granular carrier, makes for a convenient to apply wetting agent, especially on difficult to spray areas. This product is designed to treat and prevent hydrophobic conditions like Localized Dry Spot (LDS). Apply only as directed during the growing season.

One bag will treat 10,000 square feet (sqft.) at the curative rate.

A number of variables influence the rate of application necessary to prevent or correct hydrophobic soils.

## DIRECTIONS FOR USE - READ ENTIRE LABEL BEFORE USING

**LAWNS AND TURF** - apply at 2.5 lbs. per 1000 sqft. Make first application once growth is visible in the spring and subsequent applications should be made on 4 week intervals during the growing season, or while drought conditions are expected. When expecting severe heat and drought stress conditions 6 to 8 lbs. per 1000 sqft.

**GOLF – Fairways, Rough, and Bunker surrounds.** Preventative - apply at 2.5 to 4 lbs. per 1000 sqft..

Curative – apply at 5 lbs. per 1000 sqft.. When expecting severe heat and drought stress conditions 6 to 8 lbs. per 1000 sqft.

**Greens & Tees** – 1 to 2 lbs. per 1000 sqft. for curative LDS

**Aquicare Granular** is found safe on many trees and shrubs in landscape beds. However, it is not possible to test all varieties. If working with a suspected sensitive variety, apply Aquicare Granular to a small area and water in. Wait five to seven days to check performance before proceeding.

**Trees & Shrubs:** Apply in a ring around the plant spreading evenly away from the trunk to the edge of the canopy drip line. For over-the-top of foliage applications, assure foliage is dry before application. For best results, rinse the foliage thoroughly to remove granules and activate them at the soil surface. To avoid potential phytotoxicity concerns, avoid applying Aquicare Granular to open blooms.

Application Rates —Preventative conditions: Apply 2.5 LB per 1000 ft<sup>2</sup>, repeat monthly or as needed. Existing hydrophobic conditions: Apply 4 LB per 1000 ft<sup>2</sup> monthly until conditions improve.

**WARRANTY DISCLAIMER:** Heritage Landscape Supply Group warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
