

INFICIDX

What Is INFICIDX?

TonicSea Inficidx is an all-natural herbal immunity assisting formula containing echinacea root, goldenseal root, and chaparral leaf.* A body of clinical evidence suggests that these herbs can help support your natural immune responses.*

Proper immune function is critical for adults, especially when exposed to contagious environments (like school or a busy workplace). TonicSea Inficidx is a simple and effective way to help you get the herbal ingredients you need for a healthy immune response.*

How INFICIDX Works

Inficidx is formulated with three potent immune-supporting herbs: *Echinacea purpurea*, *Hydrastis canadensis* (goldenseal root), and *Larrea tridentata* (chaparral). These herbs work in concert to assist immune response in adults.*

Echinacea has been clinically studied intensively, with the results suggesting that echinacea root extract supports the body's immune response.* Given this, echinacea is sometimes referred to as "nature's immune enhancer."

Goldenseal is a flowering plant that has also been used for centuries in traditional medicine as a means of assisting digestion, supporting urinary tract health, and supporting immune function.* Goldenseal contains biologically useful substances called hydrastine, berberine, and canadine which appear to help support immune response.*

Infidix also contains chaparral, an herb with a potent antioxidant known as NDGA (nordihydroguaiaretic acid) that is suggested to assist cardiovascular, immune, and neurological functions in the human body.*

INFICIDX Supplementation

Research cited herein suggests that the herbal ingredients in Infidix support natural immune function and healthy inflammatory response through a variety of mechanisms.*

The most pertinent research-backed benefits of supplementation with TonicSea Infidix may include:

- Supports natural immune function*
- Supports healthy inflammatory response*
- All-natural herbal ingredients
- Comes in liquid form for easy on-the-go use
- Non-GMO, vegetarian-friendly, and gluten-free
