# TAILORING & ALTERATION

## Price List

### Tailoring

Upon making a jacket & waistcoat the following extras can be requested:

Buttons: Leather – Antique metal celtic – Black metal celtic - £15

Coloured satin lining (range of colours available) - £25

Jacket cuffs can be changed for no additional charge.

Upon making trousers a fishtail back for wearing with a dress jacket can be added for an extra £35.

Cost of other options available upon request.

### Alteration

We offer an in-house alteration service should you need your kilt, jacket or trousers adjusted.

Please bring in your garment and we can advise on what can be done, together with the costs involved and timescales to complete the work.

For the most common repairs the costs are as follows:

### Kilt repairs

Moving buckles and straps £10. Ideal for small adjustments to waist (please note replacement straps and buckles cost extra if required).

Partial kilt remake £125 - £150. Adjusting aprons and pleats where appropriate. Includes replacement of canvas & lining where necessary. Suitable for larger adjustments to waist.

Shortening kilt - A simple hem can be put on the kilt from £10. The kilt can be professionally shortened and cut from the top - this costs £150

Dry cleaning is available as an optional extra for £12. We shall however press your kilt for free prior to collection.

### Kilt jacket/waistcoat repairs

Shorten sleeves £15 (there may be a supplement for gauntlet cuffs)

Take in jacket at sides £20

Chip shoulders on jacket £25

Take in waistcoat at sides £15

### Trousers

Shorten/lengthen trousers £10

Take in/let out waistband £15

Please note that there is no alteration charge for the tailoring of new garments purchased.

Smaller repairs can be completed in a few days but allow up to 4 weeks for the partial remake of a kilt. This particularly applies during the busy summer months so we recommend bringing your garment during the autumn and winter months if you need the work done quickly.

# HIGHLANDWEAR ACCESSORIES & GIFT IDEAS
