## Dimensions

Cut Out: Ø45mm

### Important Safety Issues:

- This product must be installed by a qualified electrician according to AS/NZS 3000.
- Ensure all electrical mains are disconnected before any installation.
- Modification of this product will void any warranty.
- Havit Commercial does not take responsibility for wrong installation, incorrect use, or use of installation material that does not belong to the system.
- Aluminium and 304SS fittings must not be installed within 5km of any salt water environments.
- All o-rings and seals must be in place correctly to maintain warranty
- This form may be updated at any time due to product improvements, please check online installation form for most current version.

### Steps for Installation:

1. Make sure that the electrical circuit is free of voltage (master switch off)
2. Cut out hole in wall using cut out dimension in table or on line drawing above.
3. Connect cable - Connect live first then neutral.
4. Press down clips and insert fitting into hole and release clips.
5. See Dimmer instructions if dimming is required.
6. All connections must be carried out carefully, inspect all contacts before switching back on the electric circuit.

**Must be installed by a licensed electrician**
