LED Landing Light	01-0790906-00	Modification Part	<u>STC No:</u> SR00359BO <u>DWG No:</u> 90906 <u>Rev:</u> - <u>Date:</u> 1/26/2022 or later FAA-approved revisions	Kaman Aerospace Corp.	K-190A, K-225

Notes:

(1) Installation is limited to the previously approved landing / taxi light lamp size, and location(s).

------(END OF DATA)-----

NOTE: The procedures that have been accepted by the type certificate or TSO authorization holder and its cognizant FAA Aircraft Certification Office, for minor changes to original articles used on type-certificated products, are also acceptable for incorporating the same minor changes on identical PMA replacement articles. The PMA holder must be able to show traceability relating to the TC, STC, or TSO authorization holder on all minor changes incorporated by this procedure. When these procedures are no longer applicable because of completion of the production contract, or termination of the licensing agreement or business relationship, all subsequent minor design changes to the PMA articles must be submitted in a manner as determined by the ACO. Major design changes (reference 14 CFR §§ 21.319 and 21.619) to drawings and specifications are to be handled in the same manner as that for an original PMA.
