

— TRUCK FIT

BOLT-ON MOUNTING PLATFORM
 Whelen Aerospace Truck Fit is designed for fast and effortless installation. The bolt-on system securely mounts Truck Fit with no cutting or drilling, for a strong and secure rooftop mount.

SPECS

- Available with a durable steel or powder-coated aluminum construction in Gray
- Bolt-on installation system with fixed brackets requires no cutting or drilling, providing peace of mind when used on both leased trucks and aluminum roof structures:
 - The third brake light remounts to the Truck Fit platform
 - Quickly and easily mounts using the screw holes of the vehicle's third brake light
 - Wiring is simple to install through the existing third brake light opening, without removing the headliner
- Truck Fit is designed to keep a level mounting surface for the life of the install
- Great for mounting a Beacon, Advisory or any of our work lights
- The usable mounting area is approximately 7.25" (184.15mm) W x 17.25" (433mm) L
- Includes mounting bracket
- Two year warranty
