

YOUR **ESSENTIAL** SHOW CASE

THE
FIXTURE
STORE

YOUR ESSENTIAL SHOW CASE

The truth is there isn't a single showcase that will be perfect for every different retailer. That's why The Fixture Store has created multiple display options that allow you to choose what will work for you.

Our essential showcases come in 3 different widths and with 2 different options for display area. As with all essential's pieces, you can also choose additional customizations (like lighting) to make your merchandise shine.

All showcases come with locking drawers to keep your merchandise safe.

Need to create a display area with multiple showcases? Our essential filler will ensure all your showcases are accessible as well as adding some counter top surface to your display area.
