LAW OF LIFE OF THE WEEK

NEVER STOP THE ART OF THE PERSONAL INTRODUCTION

The key to life and business is to continually be exchanging personal introductions. My life literally shifted this week as Brad Berkowitz took the time to introduce me to a gentleman by the name of Brian Spector, President of Elite Leads. Both Brad and Brian will be speaking at the networking group on Tuesday at 11:00 am. Additionally, Brian will be the guest of the day on Laws of Life Talk Show at 12:00 pm. It was so refreshing to see the care and kindness that Brian put into introducing me to his incredible connections. Each and every individual added value to my business by becoming a client, a referral source and a friend. This week's networking group will focus on the art of the personal introduction. We need to dig deeper to create meaningful cross-connections and help all of us. We can do this. We can all grow our businesses if we just take a moment to breathe, strategize, smile and create a new friendship in our lives. If you ever want to talk marketing or how to elevate your business mindset, please feel free to reach out to me anytime! Let's get fired up!

Flo

This week's guest on Hell and Back

About Flo:

Chilean native and electrifying newcomer Flo is taking the world by storm one performance at a time. Originally born in Chile, Flo's family moved to Canada at the age of five. She began to play piano, and it was there that her love for music developed into a real passion. Upon returning to Chile at the age of eight, Flo decided to join her school's choir, where she was immediately asked to perform a solo. As soon as she took the stage, she knew this was her calling. At the age of thirteen, Flo's family moved to Singapore. While performing at local events, a doctor in attendance asked if she would like to participate in a charity event called "The President's Challenge" for the KK Women's and Children's Hospital in Singapore. As a special guest for the evening's event, Singapore's former President Tony Tan was present for Flo's performance. Something else exciting occurred after sharing a homemade video of herself singing Whitney Houston's "I Have Nothing" and "I Will Always Love You," Flo received an invitation from David Foster to join him while making a special appearance abroad. Currently living between Miami, Florida, and Nashville, Tennessee, Flo recently finished recording her first EP, featuring her latest single "Talking To Myself" produced and co-written with Noah Henson and is signed with Oath Management. Flo performed Talking To Myself on her appearance on Fired Up on October 28, 2020 along with her other song Homesick right inside the True Oldies Radio Station.

BRIAN SPECTOR CEO of Elite Leads

Brian plans to network with us on Tuesday, November 3, 2020 at 11:00 am to 12:00 pm at The Laws of Life Networking Group. Brian will also be the featured guest of the day on Laws of Life Virtual Talk!

Brian spent 20 years in the broadcasting industry doing on-air television, on-air radio, creating and producing shows. Brian Spector knew at an early age that he wanted to be in the media – both on television and radio. He knew he wanted to use his personality to inform and entertain regardless of what the platform was, and his love and passion for sports and news was evident from day one. Brian worked for SB Nation National radio network, Sports Radio 560 WQAM and 640 Sports WFTL producing an assortment of shows including morning drive, midday and afternoon drive. He has hosted and co-hosted radio shows on all days and at all times, and he served as a reporter covering every local South Florida sports team, including the Miami Dolphins and the Miami Heat. He has conducted interviews with a wide array of sports and movie stars over the years. Brian has covered major events and appeared on numerous shows around the country to discuss the local teams and national sports. He has covered the NFL Scouting Combine, Super Bowl, Senior Bowl and pay-per-view boxing bouts in Las Vegas. Brian also has done play-by-play game calling for the St. Louis Cardinals and Florida Marlins Single A affiliates. He broadcasted football games for the prep zone on FOX Sports Florida, where he served as a sideline reporter and play-by-play commentator. Brian is a proud alumnus of the University of Central Florida and Florida Atlantic University, where he received his bachelor's in communications with minors in sociology and business. Upon graduating, Brian attended the Connecticut School of Broadcasting to enhance his knowledge of the broadcasting industry as well as public relations. Brian graduated from CSB at the top of his class and still likes to teach and share his knowledge to help those who also aspire to be in the broadcasting industry. Brian is currently the Founder and CEO of Elite Leads. Elite Leads is a Leads company that focuses primarily on high net worth Leads for any business and service provider around the United States. The company predicates itself on business development, relationship building and helping companies grow regardless of the size of the business. Lastly, Brian currently serves as a consultant for the Sports Map National radio network. A role that he has held for the last 5 years.
