## About Us X

At the outset let us take the opportunity to present a composed profile of our company M/s Ecospan formulae and it is claimed to be an official Crop Micronutrients manufacturing and marketing company, evolved and founded in the year 2002, under my leadership and under the constant endeavor of my professionals. Since then we have been maintaining right and uniform quality products (Crop Micronutrients & allied products) to the agricultural market under "ZECO" brand as per F.C.O 1985 as well as Govt. of West Bengal, Assam, Orissa, Chhattisgarh specification.

## OUR MISSION X

We are highly competitive, customer focused; market driven & research based innovative company. We have updated system, highly competent & skilled people, in all departments such as supply chain, Manufacturing, Finance & Accounts, Marketing and Sales, Research & Development, Administration & Legal etc. in order to minimize or eliminate the error or defect of the finished goods to be used subsequently by our customer/farmer. It is pertinent to mention that over the years we have been growing a very strong customer based market in several major districts of West Bengal, Orissa, Assam, and Chhattisgarh with special reference to the performance of our "ZECO" brand products. At this moment we have approximately more than 5000 retail outlets working actively & happily as a part of Ecospan Formulae.

## Our Vision X

Couple of years back, a high grade
Bio- Organic Manure, PGR, Agricultural
stickers etc were launched as per the need of our
customers & in line with that, we are in the process of
developing more products. The company is committed to
maintain all regulatory & statutory formalities, ethical
transparent business and a very high standard of safety while
Manufacturing, Warehousing, Transportation, selling & disposal of
the finished goods/ products as per guideline formulated by the
Ministry of Agriculture, Govt. of India & West Bengal as well.

We are socially & environmentally a committed company. Our major initiative & effort is to demonstrate our corporate business leadership through right people, right communication, and supplying right product in right time, customer service- these are all, we strongly feel an integral part of our business.

We always seek value & cherish customers' feedback for our continuous improvement & therefore it is requested to stay in touch with us. The entire Ecospan team joins to thank you for your active support, help & cooperation.
