

Wicker | Product Care

Wicker

- Wash any collection of KANNOA woven furniture with a solution of mild liquid detergent and water.
- Rinse with clear water.
- Dry thoroughly.

Metal Frames

- Apply clear automobile wax for maximum protection against harmful ultraviolet exposure and salt air.

Strap, Mesh & Vinyl

- Apply a quality vinyl protectant to guard against the effects of air pollution, salt air build-up, and mildew growth.

For best protection, perform this maintenance twice a year, although these durable materials can be safely cleaned as often as desired.
