Facebook Page: Back 2 the Basics  
Available to conduct classes for large or small groups. As a Military Policeman, an Administrative Specialist, a reserve soldier, a fast food employee, a store clerk, a real estate agent, a secretary, a police dispatcher, a jailer, a civil clerk, a call center coordinator, a special needs para-educator and finally a Deputy Sheriff in a county jail; I have been there done and seen that. There have been many unpaid life assignments I have embraced such as wife, mother, mentor, teacher, coach, friend, leader of youth, and life counselor. These have been the most rewarding and treasured. I now wish to share my experiences and hard learned knowledge with as many people as possible. My motto has become Back 2 the Basics. We have cluttered our lives with so many things, tangible and metaphorically, that stress has become a way of life. In the words of an exercise guru of the 80s, **Stop the Insanity!** We spent the time and money to become a Facilitator of the Parenting with Love & Logic Curriculum. Which means I believe I have something to share. I have spent many years of my life listening to and observing people and the choices they make. My goal is to share as many ideas and words of wisdom from my heart as I can. I believe I used the Love and Logic approach even before I was officially introduced to the program, it just makes sense.

Steve Dewey has been teaching both parenting and teaching with Love and Logic classes for the past 19 years. He has taught thousands of parents and teachers the Love and Logic process and changing their lives along the way. He is a special education teacher working with kids with emotional disabilities for the past 27 years. Love and Logic classes are his most favorite part of his job. He states, "I get to opportunity to change so many children's lives through the adults I have taught. It's exciting to know that I'm a part of helping that many children through all those adults." Call today to schedule either parenting or teaching classes in either large, small or private training.

I have been a facilitator for over 9 years. Currently I am holding most of my classes at Wings Center in Boise. I am also a Clinical Intake Coordinator for a Home Health Agency in Meridian and I work for the largest Health and Wellness Company in North America. I love helping families and sharing Love and Logic techniques and helping families shop for non toxic healthy items are my passions. I have implemented this training for childcare staff member that is Idaho Stars approved. My classes are currently being held at Wings Center in Boise and at the Nampa Recreation Center, check their websites. If you have a need or need a few laughs, just give me a call!

Even as a young man, Bruce wanted to help children and families. In college I took Child Development and and other related courses. Bruce has spent many years working with children in various volunteer organizations. He has worked in many positions in the Boy Scouts of America, both with boys and also training leaders. He also worked for many years as a Big Brother with the Big Brothers/Big Sisters program and eventually on the Board of Directors of Big Brothers/Big Sisters of Southeastern Idaho. He has also served over 25 years in my Church teaching children ranging in age from 2 to age 12 years old.

He has also been a single parent and has had many of the struggles of a single parent raising six children. Bruce has also been an adoptive parent. He adopted two boys from an orphanage in Moscow Russia at ages 22 months and 3 years old. Bruce has spent much time studying and learning about attachment and bonding. He is a devoted and loving father. Bruce is currently a licensed Foster Parent offering respite care to children ages 3 to 8. As part of the Foster Care Program , he has spent many hours in training.

Bruce's mission is to: **Make A Difference in the Lives of Children by working directly with 2 to 8 year old children and their caregivers, to help them to grow up to be good parents who will teach their children good parenting skills, thus affecting the lives of generations of children."**
