**Curriculum :** Parenting the Love and Logic Way, 9 Essential Skills for the Love and Logic Classroom

Laurie Erceg is a dynamic speaker audiences can count on for informative, interactive classes and events. She is a veteran of Love and Logic as a parent and teacher. Laurie has experience in career and academic counseling for high school students, medical programs, internship coordination, and workforce readiness. Laurie would be honored to work with your organization, family, or school in the Asheville area as well as surrounding cities in North Carolina, delivering parent education and professional development for teachers, staff, and school administrators.

**Curriculum :** Parenting the Love and Logic Way, Crianza con Amor y Lógica, 9 Essential Skills for the Love and Logic Classroom, Adults Supporting Youth with Challenging Pasts, Supporting Youth with Special Needs

I have been facilitating Love and Logic for over 9 years and I have collected enough personal and professional evidence that when the program is facilitated as it is designed the participants will benefit from any of the courses they choose to participate in. I offer the complete curriculum as it is designed to individuals, or groups.

I have references if needed. I am currently serving the Piedmont area (Cabarrus, Mecklenburg, Rowan, Stanly counties).

**Curriculum :** Parenting the Love and Logic Way, 9 Essential Skills for the Love and Logic Classroom

I was introduced to Love and Logic over 20 years ago by my mother-in-law; she was the guidance counselor at the school in which I taught in suburban Atlanta. She was the reason that I began implementing the Love and Logic techniques in my classroom. I was fortunate to help her facilitate the Becoming a Love and Logic Parent curriculum before becoming a parent myself! After moving and having 3 children of my own, I began facilitating the Becoming a Love and Logic Parent in Columbia, SC. Now I am teaching in Charlotte-Mecklenburg Schools, and along with 3 colleagues, attended the 2015 Vail Summer Conference. The Love and Logic Team at my school provides professional development using the 9 Essential Skills for the Love and Logic Classroom and parent meetings to support the school community. I am excited to offer Parenting the Love and Logic Way in South Charlotte. I enjoy growing in Love and Logic as I facilitate at school and in the community; it is important that parents stick together and support each other as we are all challenged daily to raise responsible children and prepare them for the real world!

I've been an independent facilitator of Love & Logic curricula for 15 years. Initially having tried it with my own son who was 16 at the time, and experienced great success, I was determined to share this information with others. I have had the opportunity to also practice on my grandchildren as well and as a counselor have shared and seen successes with families who have either attended a training or read the book and began practicing these powerful principles.
