I am a retired teacher and a trained Love and Logic facilitator. As a parent of 2 myself, I feel that Parenting is the most important job you will ever have. It is a 24/7 job plus the career you have to provide for your family and it can be very exhausting and very rewarding at the same time. I believe it is very helpful for Parents to have a support group and parenting classes when possible. Come join us at Miami First Assembly for "Parenting the Love and Logic Way."

Dawn is the Human Resources Director at Center of Family Love in Okarche, OK, a 24-hour non-profit care facility that provides quality lifetime care to adults with developmental disabilities. Center of Family Love strives to celebrate the value and dignity of every human life and its core principles are guided by the social teachings of the Catholic Church. Like CFL, Dawn believes that every human being is created in the image and likeness of God, and as such we must endeavor to nurture, love, and respect ourselves and our family relationships as we nurture, love, and respect Him. In addition, Dawn is an LPC, Candidate who has worked with children, teens, couples, families, and groups to address a broad range of issues, including child/parent conflict, blended-family conflict, destructive behaviors, sadness, excessive worrying, personal losses, trauma, and other struggles that people bravely face every day but which can undermine maintaining healthy and balanced family relationships. Dawn believes that family relationships are the crux of our physical, emotional, and spiritual health and she has found the Love and Logic method to be a highly effective tool that helps families transform to become stronger and closer. The Love and Logic tools also help to guide parents in their journey to understanding their child's inner perspective and how it can shape and affect their external behavior and motivations. To accommodate scheduling restrictions, Dawn offers both one-on-one and group courses and can provide evening and weekend classes.
