Curriculum : 9 Essential Skills for the Love and
Logic Classroom

I am a parent of three grown children. My wife and I started using Love and Logic strategies when they were in middle school. What a difference it made! I have spent 25 years as an elementary teacher and principal. For 15 years I have facilitated the 9 Essentials for the Love and Logic Classroom curriculum at universities, school districts, education cooperatives, and individual schools. I facilitate Becoming a Love and Logic Parent classes at day cares, schools, PTA groups, MOPS groups, churches, and universities. I facilitate mainly in the eastern half of South Dakota, and have traveled as far as Ohio. I spend a lot of my time at work, gardening, and woodworking, so e-mail is the best way to contact me. lar62651@aol.com
