In addition to teaching Love and Logic Parenting, I am also a Provisionally Certified Family Life Educator through the National Council on Family Relations. After graduating Cum Laude from Utah State University with my Bachelors degree in Family, Consumer and Human Development (emphasis: Family and Community Services) I gained employment through Healthy Relationships Utah (a branch of the USU extension). I have two beautiful little girls and a wonderful husband. We reside in St. George, Utah, but I teach classes mainly in Iron, Beaver and Kane counties. Come learn how to have more fun with your kids! You won't regret it.

I was a Parent Educator with the Parents as Teachers national program for 12 yrs, until I retired in 2015. During those years, and still today, I love to see the joy parents gain, when they learn of Love and Logic, and how it helps their role as a parent become so much more enjoyable. My only regret is that I did not discover this wonderful program for myself (first as a participant, and then as a facilitator) until after my youngest of 8 children was 15. That was 15 years ago. I have been teaching it since that time. My greatest joy in teaching Love and Logic, is when a parent shares the wonderful success they have when they start to use it in a consistent way.

Since graduating from BYU in 2001 with a degree in Recreation Management and Youth Leadership, I've been fortunate to be a "stay at home mom!" We have 7 children; currently between the ages of 13 and 2. Empowered about the positive effect Love and Logic has had in our family, I am excited to now be a facilitator for this fantastic curriculum! I am eager to deeper implement these tools in our family and share it with yours in the hopes that you will also be able to make positive changes and find true joy in being a parent!

Essential Skills for the Love and Logic Classroom

I am a mother of four children, grandmother of 12. After graduating from the University of Utah in Education, I taught kindergarten in Granite School district, and for the last 25 years have been teaching private preschool. Love and Logic corrected my approach in dealing daily with children and adults in my life. It is so simple, straightforward, full of love, and I don't get angry like I used to. I can love others, and stand beside them while they face the consequences of their behavior. I teach classes every month at my location or yours.

I have 12 years experience in Parent Education as well as boundless years of raising 5 very unique different children! One of them being Autistic, who is now a well-adjusted, 29-year-old man with a family of his own--yes, parenting the Love and Logic way. I have a passion for bringing families closer together during the worst of times and the best of times. You may feel you are in daily battles questioning your parenting skills. I'm here to remind you that battles help you win the war! The war not being with your child, rather for the strengthening of your relationship! So let's get together, discuss, cry, and laugh together (laughter through tears is my favorite emotion)! Let's upgrade our child's view and our parenting skills!

Annette Jones is a personal mentor, professional problem solver and systems expert who specializes in working with mom-preneurs who are done struggling with overwhelm, juggling work and family and are ready for a change! She helps moms instead create and put into practice needed, simple, yet comprehensive, organizing systems & productivity solutions that get rid of mom-guilt, free up time and mental energy and help you work better, so you can enjoy a rich, amazing family culture, model joy & wholehearted living and rock a business you love without having to choose between them!

She lives in gorgeous Salt Lake City, UT with her husband of 25 years, her 16 yr. old son & near her 2 daughters (20 & 22- both budding entrepreneurs), 1 son-in-law and tons of extended family. She is the center of her beautiful family culture; she values nothing more than the incredible relationships she has with her husband and kids. With 20+ years of experience as a mom-preneur herself and 10+ years mentoring other mom's, she has had plenty of opportunity to use her problem solving super powers to simplify all the work that needs to be done to help others have the same results! She thrives on seeing other mom's gain confidence, strengthen family relationships, work better as a family and bloom as successful business owners all without having to compromise quality in area!
