

## SPECIFICATION SHEET

JOB NAME: \_\_\_\_\_

LOCATION: \_\_\_\_\_

QUOTE/REF#: \_\_\_\_\_

## DESCRIPTION

Step 1 Dezigns compact and lightweight High Output Re-chargeable Trade Show Battery powers our selection of LED Trade Show Exhibit Arm Lights up to 36 hours on a single charge. Once depleted, this versatile device fully recharges in just over 6 hours with our Power Adapter.

It is much more than just a simple battery pack capable of powering our LED exhibit and display lights. It can power your LED light fixtures while charging up. So go off the grid and stop paying those outrageous electric fees at the trade show venues. The High Output Mobile Power Trade Show Battery pays for itself after only one or two events!

Each High Output Trade Show Battery comes with 1 power charger and power cord, 1 storage pouch, and 1 Male/Male DC connector cable.

Need help with your LED lighting applications? Our lighting experts are here to help! Contact us today for assistance with lighting plan or installation instructions.
