DESCRIPTION

The LED Dual Head Motion Security Light is a great option for outdoor walkways, garage areas, backdoor entrances and more, this double head security floor light is a bright energy saver. This Unit is 5000K Day Light and also 3000K Warm White.

It uses a Patent pending snap-in lens and it converts the unit to a 3000K. It comes with three built-in, high-power LED arrays that use a mere 6 watts of power each, yet have a light output comparable to a 120-Watt bulb.

The design also has a built-in 270° motion detector with a 70-foot maximum range and a photocell for dusk-to-dawn operation. Pivoting arm on each light allows you to aim light where it's needed. Durable aluminum housing with a white or bronze finish.
