*** Included:** Each LED Round Puck Light Kit includes 3 Round Puck Lights, 1 LED Driver (EL-PNP-12W-12V), and 1 Power Feed.

*** Required:** To run more LED puck lights together, a larger capacity 12V DC LED driver is required. Sold Separately.

DESCRIPTION

The 12V DC LED Round Puck Lights Kit is bright, ultra-low profile, and low power consumption. It is the perfect light source for any retail display, exhibit, commercial, or residential lighting applications.

Our LED puck lights kit is in high demand due to this low profile design and versatility to fit into small spaces and provide smooth lighting to under cabinet, under shelves, retail display cases, or general lighting applications.

It is easy to install our LED Puck lights whether recessed or surface mount, while allowing easy replacement removal when necessary. Each puck light can be linked together to run up to 3 puck lights on one supplied LED driver in this kit.

KEY FEATURES

- Various trim finish options to choose from
- Maintenance-free
- Solid-State Construction
- No IR or UV radiation
- Suitable for flat ceilings, sloped ceiling, or under-cabinet installations
- Easy to mounting and install
- LEDs Chipsets are high intensity, ultra-bright, and energy-efficient
- No RF interference
- Long lifespan: Up to 50,000 hours

APPLICATIONS

- Decorative Lighting for Tradeshows, Exhibition, Retail Displays
- Architectural lighting for corridors, canopies, archways,
- Downlighting or Uplighting Recessed Applications
- Gallery and Museum Lighting
